HOT MESS vs ORGANIZED

How would you best describe your personality?

Are you always running late or do you tend to over plan?

What about the rest of your family? Sometimes being unorganized or late isn't always your fault.

WEEK 1 ASSIGNMENT: MY BEDROOM

How organized are you at home? What does your bedroom look like? Write about how you do (or don't) organize your things at home. Do you have a computer in your room? A study space? A collection or trophies?

BONUS ASSIGNMENT: NEXT WEEK

Take a photo or selfie of any room in your house. It can be your room, a sibling's room, any room. Preferably it would be your bedroom, but it doesn't have to be. Bring it with you on your phone or other device. Or you can email it to kchristesen@clcillinois.edu

BONUS ASSIGNMENT: PRIZES

We will do some secret voting to see who wins an award plus a small treat!

THE CLEANEST ROOM

THE WORLD'S
OKAYEST ROOM

THE MOST
HAZARDOUS ROOM

Let's watch some clips from Season 1 of Brain Games. There are only 3 episodes, but each one is quite long, so we can pick and choose the activities which engage our brains the most.
